New Server: Welcome to the New (less expensive) Server! Find any problems? Report them here. Cedar Song Cedar Song is a small game I made for the Ludum Dare 28. This is my entry for the last week: It is a remake of my first Ludum Dare entry: The Cedar Song. In this remake you can find some new features: An Easter egg. A new level. All levels are obtainable via password. A new difficulty mode. A new difficulty mode First of all you need to defeat the Cedar Song using the Easter egg. To do this you have to be able to throw a hailstone and catch it in a slingshot. When you are able to do this you need to make sure you've had enough life power (you can still catch the hailstone but it'll end up falling down from the top). To complete the game you have to hit the correct pose. You can view the pose by pressing R2. If you do not have a slingshot and thus are unable to throw the hailstone in time you should also fail.
